

MBA IN TRANSPORT ECONOMICS AND LOGISTICS MANAGEMENT

ADVANCE YOUR CAREER WITH ESAMI | www.esami-africa.org

PROGRAMME OBJECTIVE AND STRUCTURE

Structure

The MBA-TELM Programme is conducted in the evenings and is specifically designed for managers and executives who potentially will have full time job responsibilities and cannot afford to attend an advanced management education on full time basis. Transport and Infrastructure have been identified as important prerequisites to enhancing social and economic development. ESAMI is aware that without a critical mass of trained staff in the transport sector, its operational performance will remain poor, hence the introduction of MBA-TELM.

In addition to classroom sessions, the students will undertake a one to two weeks' overseas tour as part of the programme, visit a number of transport and logistics enterprises and have the benefit of exchanging experiences with their counterparts.

Mode of Study

Classes run in the evenings from 5.00pm to 10.00pm for two-three weeks in every two to two and a half months, for a period of 2 years. The Business School also conducts Global classes that attract students from across Africa and are delivered virtually.

The evening class MBA Programme is offered in various countries. These venues are Arusha, Dar es Salaam and Dodoma, Tanzania; Nairobi, Kenya; Kampala, Uganda; Lusaka, Zambia; Lilongwe and Blantyre, Malawi; Harare, Zimbabwe; Windhoek in Namibia; Mbabane, Eswatini; Maputo, Mozambique and Mahe, Seychelles.
